Dè tha sinn ag ionnsachadh? What are we learning?

We are learning about spreadsheets and databases

Tha sinn ag ionnsachadh mu dhuilleagan-clèithe agus stòran-dàta

### **Revision- Extracting information from a table**

We have looked at spreadsheets and data when we worked on **money problems**; and **timetables**; earlier in the year.

The following table gives information about **weekly costs**; for different types of holiday **accommodation** in different **countries**; during **dates**; in May.

Destination	Accommodation	Weekly cost per adult	Weekly cost per child	Date
Cyprus	Self-catering	£150	£130	1st May
Menorca	Self-catering	£160	£150	10th May
Florida	Hotel	£470	£370	10th May
Turkey	Self-catering	£180	£170	17th May
Majorca	Hotel	£200	£170	20th May

**Answer the following questions:**

1. Which is the least expensive holiday destination?
2. Which holiday destination has a difference of £30 between the cost for one adult and the cost for one child?
3. Which is the most expensive holiday destination?
4. How much would it cost for a couple to go to Majorca for one week?
